OYOTE POINT BRIDGE BOOSTERS DISILLUSIONED

To be suddenly disillusioned in re-rd to the financial backing of ank E. Webb, supposed bridge en-neer with millions to back his ojects, and to find him merely a ney grabbing shark, with no fin-cial standing, is the sad plight of e Three Cities Chamber of Com-rce and other proponents of the Webb Bay Bridge." Disillusionment me this week as the result of an vestigation, a rather late one, but wertheless enlightening, as to the ources of the man who, in a meet-g of the supervisors of this county id, "I have enough money at my mmand to finance this whole af-ir. We will sell a little stock in e bay district to those who are rking for this project, but we ve money enough already." The mmittee of the Three Cities Cham-r of Commerce found that all that as lacking in Webb's plan was the ,500,000 necessary for the con-uction work.

When the discovery was made that ebb was without finances, an at-mpt was made to purchase the fifty ar franchise that he had secured m the county and national govern-nt, through the efforts of the de-ted citizens of San Mateo county. r his franchise Webb asked $1,-0,000, a profit to him of one mil-n dollars over his expenses. The ree Cities Chamber of Commerce now thinking of again coming be-re the board of supervisors of this unty, this time, however, to ask at the franchise for which they as-mbled so unanimously a few nths ago and demanded so clam-ously, be revoked on the grounds at it was granted under false pre-ses.

It is said that Daniel C. Imboden nager of the Three Cities Cham-r of Commerce, is now in touch th parties in Chicago who will fin-ce the "Webb Bridge," provided at Webb has nothing to do with it. The failure of the program of the n Mateo bridge should not be con-sed with the plans of the Dumbar-n bridge project, which are pro-ssing nicely. Work on this dge will be started soon, accord-g to J. L. Harrington, who is now ending to the details preliminary actual construction.

According to the latest reports om the Mills Memorial hospital, here Rev. Roland B. Dodge was ken for a further opperation on s feet, which were injured in a ilroad accident six weeks ago, his ndition is improved and he is as ll as can be expected considering e serious nature of the accident. is probable that the local pastor ll be confined to the hospital for me time yet as loss of blood and e shock make his recovery slow-r than ordinarily would be the case.

Eastside Highway Moving Toward Construction

The East Bay highway will soon be a realty and no longer a dream. Rights of way are being secured and surveys being made. The completion of this road will break the neck of the San Francisco bottle, about during the past year. The route of which so much has been written the road outlined is a commendable and quite a feasible one that will meet the approbation of every citizen. The proposed route will come down the peninsula parelling the present highway from San Bruno. It will proceed through the marsh, near the Frank Tanning Company and through the Sweeney ranch to the Bay road, back of the Flood property to a road back of Runnymede, which will join with a Santa Clara thoroughfare to the rear of Palo Alto. Those wishing to cross the proposed Dumbarton bridge at Cooley avenue may do so. It is understood that Mrs. A. S. Pesica, owner of the Sweeney ranch, will give a right of way through the big holding to the Bay road. The contemplated route is a popular one. It was at first agreed to follow the Middlefield road from Redwood City, then connecting with the Ringwood road to the Bay thoroughfare, but the heavy travel would soon ruin the former and would not relieve the congestion.

NEWS OF WOODSIDE

Miss Addie Tripp was hostess on Thursday afternoon at a gathering of about twenty of her friends at the old homestead near the foot of Kings Mountain. Although now on the fringe of the village, this was the ancient center of the town of Woodside. During the years it has not lost its old reputation for warmhearted hospitality and, that this reputation is justified, can be attested by those who sat about the table on Thursday afternoon.

A portion of the Spring Valley holding near Searsville Lake is being subdivided, preparatory to sale in small parcels. Thirty teams are at work building streets in a strip of the property extending along the north side of the lake from the Woodhide-Portola road back to the old farm-house, near the dam. This will be cut inti town lots, making a smaller parcel than has been heretofore purchaseable in the valley.

F. G. Johnson of San Francisco, spent several days ot Woodside this week planning the work he is to have done on the place recently purchased by him from Ed Greeley. His present intention is to build a large garage and servant's quarters and to improve the grounds. After a year or two, according to his plans, he will dispose of his business at San Francisco, and take up his permanent residence in Woodside.

Mrs. George D. Squires gave an elaborate Hallowe'en party to a large number of her friends on Wednesday evening. Many of the old games, appropriate to the occosion, and some new ones, were played pro- and some new ones, were played producing much merriment, after which dancing kept the guests till a late hour.

A Hollowe'en joke is interesting and allowable just so long as it remains a joke, and no longer. Wherever malice enters in, or acts of vandalism result in the destruction of property, then it ceases to be a joke or to have any connection with Hallowe'en and becomes mere lawlessness.

S. F. Committee Investigates Redwood Harbor

The committee was accompanied by Daniel C. Imboden of the Three Cities Chamber of Commerce and Webb Bridge project. The committee stopped at South San Francisco, San Mateo and Redwood City. At Redwood City the committee picked up L. R. Dains, local agent for the Southern Pacific Company, who acted as their guide to the waterfront. It is said that a member of the party, who is connected with the Three Cities Chamber of Commerce, tried to prevent the committee from investigating the possibilities of Redwood City by saying that the roads were too rough and were impassable. The committee, however, persisted and visited the site of the new cement works and other manufacturing developments along our water front.

JURY DISAGREES IN MEEHAN MURDER CASE

After listening to arguments for and against conviction of Jos. Tanko and Floyd Hall for the murder of Chief of Police Meehan at San Bruno on the night of September 18, the jury disagreed and finally were discharged at 7 o'clock last Thursday night. The case was called at 10 o'clock of the same day, and all evidence and arguments were completed by 3:45, at which time the jury retired to consider the merits of the case. After an hour's deliberation the jury returned, and reported through William Plump, foreman, that they had agreed as to the guilt of the men, but disagreed on the penalty, the jury standing ten to two.

Judge Buck assured the jury that he had no intention of causing any of them to change their minds against their will, but ordered them to return to the jury room to discuss the matter among themselves and come to some agreement, if that were possible. Shortly before seven the jury was finally discharged as no agreement could be reached.

The members of the jury were: Christine Russell, Minnie C. Hollings, Wm. Plump, Ada M. Schultz, James Callahan, Ole Johnson, Etta M. Michie, Walter Knight, Adalph Bertini, Charles Locker, William Chubbuck, H. J. Black.

The case will be tried again on Monday with another jury.

BOARD OF PRISON DIRECTORS SETS TERM FOR SODA CLERK

The board of prison directors this week set the term of Clark Morton, who plead guilty to a statutory offense against a San Carlos girl, last February, at one year. Morton, who was a soda clerk in the Trahan candy store of this city, was sentenced to a term of one to fourteen years in prison. After the sentencing of Morton, developments in the case caused District Attorney Swart to write to the board of prison directors and ask leniency for him. This request and the convict's own behavior were responsible for the light sentence.

SEQUOIA IN ACTION

Yesterday afternoon at 2 o'clock the girl basketeers of Sequoia journeyied to San Mateo to meet the San Mateo quintet on the barred field. A good game was anticipated. No results of the gamé were secured, however, as the Times-Gazette went to press before the end of the game.

At 7:30 the two male-weight teams of Sequoia, the Class D and Class C, formerly known as the 110's and 120's met San Mateo in the latter's gymnasium. The team that won the Class D game will probably be the winner of the P. U. L. championship, as last night's game was expected to be the crucial contest of the D's.

This afternoon at 2:30 Sequoia's football team will meet the San Mateo boys on the Burlingame field. Sequoia has not been so fortunate as San Mateo which has not been defeated this season, but a good clean, hard-fought contest is expected.

THE WOODSIDE ROAD AGAIN

Once again we want to talk about the Woodside Road and its lack of sidewalk accommodations. A friend of ours called our attention to the fact that a sidewalk could be built just outside the cemetery fence for a very small outlay of money. There is at present a level six foot strip between the fence and the drainage ditch, extending the full length of the cemetery, which could be continued to a point opposite the Washington school. This pathway is arched over by trees which serve as a fine rain and wind break.

A good coating of gravel and screenings would make this into a good serviceable sidewalk. Such a project would be quite inexpensive.

A sidewalk for the children who reside south of Five Points could be built along the street which runs in front of the Spanish church, and which ends at the back end of the Washington school yard. This walk would take care of all of the children south of Woodside road.

Redwood City could well afford to have two or three benefit entertainments to take care of the expense of the above projects.

ZONING

Our neighboring city of Atherton has started right by fixing a resrticted zone wherein business may be conducted. Atherton, like Hillsborough, should be a section of beautiful homes. It is so close to Redwood City and Menlo Park that all of its marketing and grocery buying may be done at either of these places.

While we have no quarrel with small places of business, the stores that grow up on the Highway in Atherton are not particularly attractive. They are there, however, and it is well for the new municipality to restrict business to that particular locality.

Atherton should be careful also regarding its building restrictions. By passing the proper kind of building laws the new municipality may become one of the places where the best people of California will want to reside.

With City Attorney Reddington in charge of its legal affairs, Atherton will be directed along the right lines in both the restriction of the trade sections and in the class of structures that may be erected.

A MODEL HOME

The Three Cities Chamber of Commerce, representing San Mateo, Burlingame and Hillsborough, fathered the plan of building a beautiful dwelling in San Mateo Park, which they called "Home Sweet Home."

The dealers and builders of San Mateo gave material and labor at cost and the finished product is really a thing of beauty. Now that it is complete in every detail the house is for sale at $21,000. The place is worth it. What we should like to have seen though was a home that would be within the means of the average man.

Most of us will never be able to pay more than $7,000 to $9,000 for a home, so we should have been glad had the model been within the range of our possibilities.

The Three Cities Chamber of Commerce did a good job though in getting this projected started as it added a very beautiful and attractive home to one of the most wonderful sections of California.

WHAT'S THE USE?

Whether or not a convicted bootlegger will be punished in the future is practically up to the convicted man himself, according to a recent decision of Federal Judge M. T. Dooling of San Francisco. According to the judge's decision, jail sentences can only be administered for the sale of liquor. Bootleggers found with the "stuff" in their possession and not selling it can be fined, but not as formerly, jailed in lieu of the fine. Henceforth, bootleggers by keeping all their possessions under the name of some other person can go free, unless actually found in the act of selling the liquor. This practically puts it up to the concience of the man himself whether he will pay a fine or not. Probably the judge is right in his interpretation of the law, but a law so framed should never have been passed. Laws as easy to evade as the present one seems to be, according to Judge Dooling's decision, only tend to lessen respect for the government which enacts them, and defeat the very end for which they were passed.

BOOZE AND ITS BUYERS

A great teacher once told the people with whom He spoke that anyone who broke one of the laws of the country was as guilty of wrong-doing as the man who broke them all. We do not care to argue this proposition. We believe, however, that the 18th Ammendment is part of the supreme law of our land. That being the case we believe that every good American citizen should live up to the requirements of that 18th Ammendment.

THOMAS FINN FOR SHERIFF

Once again we urge all the commuters voting in the city to cast their ballot on next Tuesday for the re-election of Thomas F. Finn, the able, efficient sheriff and political leader of San Francisco. Residents of the peninsula are asked to have their friends in the city vote for Mr. Finn, thrice sheriff of that municipality. Electors of San Francisco should keep this good man in office. Mr. Finn's vote on next Tuesday should be overwhelming.

MRS. MARY WINTER HONORED BY F. A. U.

Mrs. Mary Winter of this city was honored at the district meeting of the Fraternal Aid Union at Gilroy by being elected district president of that organization. The election of Mrs. Winter came as a fitting tribute to her valuable services to the order rendered during the last year, while she was district vice-president. Mrs. Winter was unable to attend the convention on account of sickness, Charles T. Cook of Redwood lodge was installed in her place. Mayor Princevalcy of Gilroy, a former confectioner of Redwood City, welcomed the visitors to the city.

THE MIRACULOUS CHRISTMAS GIFT

It's a very nice thing to make a gift that will please all the members of the family. A box of candy will do that or a crate of fruit. But usually some one in that family gets the lion's share. That is not possible when the gift is a subscription to The Youth's Companion. It is like that fabulous pitcher of milk of the Greeks; though everyone drank deep the pitcher remained full. Everyone has a lion's share in the good things of The Companion; everyone skims his own cream, yet there is the very choicest cream left for the next comer. What better Christmas present can you make than a periodical with such fabulous powers of dividing its pleasure among a dozen and yet keeping it all intact.

The 52 issues of 1924 will be crowded with serial stories, short stories, editorials, poetry, facts and fun. Subscribe now and receive:

1. The Youth's Companion—52 issues in 1924.

Cleaning Without Odor by the F. Thomas *Process*

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dirt but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

La Honda Improvement Club Activities

The La Honda Improvement Club was organized for the purpose of helping the community along both business and social lines. The four main avenues of activity outlined at present are: (1) The building of a power line from the Week's ranch to Tromtmere; (2) The formation of a fire protection district; (3) Improvement of the road from Woodside to La Honda; (4) Providing entertainment for the community during the winter.

At the last meeting of the club which was held in the lobby of the Sears hotel at La Honda, last Saturday evening, Mr. Krobitsch of Trautmere explained what he had done in the matter of securing the extension of the power and light line and his name was added to the club power and light committee which has instructions to report at the next meeting.

The fire protection committee had not completed their work so the committee was continued with the understanding that the present committee would remain as constituted until the project has been completed or abandoned.

The present rough condition of the highway and the existence of a couple of dangerous spots was brought up for discussion and it was the unanimous opinion of all those present that the district was not getting its full share of attention from the county officials. Two particularly bad spots were pointed out. One of these is the fill just below the Redwood Ayrshire Farm, where the pavement has been broken away on the edge, leaving barely enough room for two cars to pass. There is also a very hard piece of road opposite the Big Tree Inn, where the creek has washed away a portion of the roadbed.

The president was authorized to appoint a committee of five of the ladies to prepare plans for a community supper to follow one of the meetings in the near future. Inasmuch as the commissary committee is considered to be one of the most important, the president is taking his time in making the selections for this committee in order to insure the proper quantity and quality of eats for this event.

The next regular meeting of the club will be at Sears Hotel, La Honda, on the evening of November 10th. There will be an election of permanent officers and the selection of a name for the club. Some of the members do not deem the present name, "La Honda Improvement Club," to be comprehensive enough and it has been suggested that the new name be, "La Honda Canyon Improvement Club," as it is aimed to include in the club work all of the territory naturally tributary to La Honda as a trading center. A delegation of La Honda residents will shortly visit the Redwood City and other county chambers of commerce with a view of soliciting their aid and co-operation in matters of mutual benefit.

Proof That Zerolene Is a Better Oil

The function of a lubricant is to reduce friction and thus increase the effective power of the engine. The best proof that Zerolene does this to a superlative degree is found in the fact that *a car lubricated with Zerolene delivers about 5% more gasoline mileage than when other oils are used.*

One good test of the purity and stability of a motor oil is the amount of carbon it forms. *Zerolene forms less carbon than any other motor oil known to us.* For this reason the Zerolene-lubricated automobile may be driven from 25% to 50% farther without having the valves ground or the cylinders rebored.

Keep his milk sweet and pure with ICE!

According to Dr. Evans, nationally known health authority, milk kept at a temperature of 60 degrees spoils before the bottle is emptied.

Germs breed rapidly in it if it is allowed to remain at 50 degrees for any length of time.

To protect your baby's health, sterilize empty bottles with boiling water. Warm the milk before using. But keep it at an even temperature of 40 degrees until the bottle is ready to be filled. And use ice every day.

NEWS OF MENLO PARK

William Flannagan, an old-time resident of Menlo Park, on Friday evening last passed out, on and over the Great Divide, after a short illness. Mr. Flannagan was born in San Francisco fifty-five years ago but came to live with his parents here when a small boy and has made Menlo Park his home ever since. For many years he had been a gateman. About a year ago he witnessed a horrible accident at the Ringwood road crossing, in which a University Heights man was instantly killed. Mr. Flannagan never recovered from the shock, becoming a nervous wreck soon after. Mr. Flannagan had a host of friends here. He never married, but is survived by one brother, Joseph Flannagan of Palo Alto, and several sisters, Mrs. Joseph Taylor and Mrs. Wisnom, well-known residents of San Mateo are his sisters. The funeral took place on Monday from the Church of the Nativity. Interment was in Holy Cross cemetery, Menlo Park.

John W. Smith and E. E. Enlow, clever government 'Hawkshaws' connected with the special agent's office in San Francisco, made a raid on Chinatown here during the week in search of opium. After a diligent exploitation they found a jar of the dream-producing drug in the bedroom of Wong Wing Wo. The opium was seized and Mr. Wo will appear before the federal court in San Francisco and explain where he secured the drug.

The sixth birthday aniversary of little Betty Welch, daughter of Mr. and Mrs. John Welch of Menlo Park, was the occasion of a birthday party at the Welch home last Friday. About 15 children attended.

Joseph Pierre Ponce, a pioneer resident of the Santa Clara valley, passed away at Mayfield, which had been his home for sixty years, last Saturday evening. Ponce was a native of Araison, France, where he was born in 1849. When only 7 years of age, he came around the Horn in a sailboat, landing at San Francisco. For seven years of his boyhood he engaged in mining in Placer county, removing from there to Mayfield 60 years ago. He owned and operated the Pioneer Blacksmith Shop until his retirement between 15 and 20 years ago.

The quail season opened auspiciously last Thursday for the hunters. The limit was secured in several instances and many good bags secured. Will Casey, the veteran hunter, got the limit in the foot hills back of town. Edward O'Keefe secured a dozen from a bevy located at the San Francisquito creek. George Murray and Edward Lawler bagged the limit at San Gregorio. All the hunters report the birds quite plentiful in the places where they were.

Joseph A. Donohue left this week for the city. He has taken a house on Pacific avenue for the winter months. The Donohues will be quite lonesome during the winter months while their four charming daughters are touring Europe.

The Young Drug Company of Redwood City has leased the Coxin corner on the highway and Oak Grove avenue. The present occupant of the building is to retire. The company has a store in Palo Alto as well as in Redwood City. It expects to start a chain of pharmacies on the peninsula.

Edward Doyle is to erect a cosy bungalow on his property east of the Middlefield road. During the building of the new home his family is to occupy the Sim Mack place recently vacated by Mr. Sabastiana, who has moved to Hillsborough. The old Doyle home, hallowed by pleasant memories and at one time the abiding place of the late John T. Doyle, leader of the California bar during his time, is to be leased to an easterner.

Mr. and Mrs. Charles E. Grubb, former residents of Menlo Park, are over from Alameda on a visit to Mrs. Grubb's cousin, Miss Bertha Kuck. Mrs. Grubb was formerly Miss Lizzie Kuck, a quondam belle of this place. Their son, Richard, made the supreme sacrifice during the world war, having been killed at the Battle of Chateau Thierry, where the Germans were turned back on their way to Paris.

Charles Lord, who has been a guest of the Menlo Park hotel for several years, is critically ill with pneumonia. His life is dispared of. Mr. Lord was removed to the new county hospital at Beresford last Wednesday. He has a daughter residing in this state.

Charles A. Thompson, grand trustee of the Native Sons, will officially visit Menlo Parlor, N. S. G. W. on the evening of November 8. The local parlor is making big preparations for the coming of the grand officer, who is to bring the Native Sons a message. There will be visitors from all the bay organizations and after the transacting of the regular business a banquet will be enjoyed by the members and visitors. All members are urged to attend this meeting.

F. W. Thompson, road superintendent under Supervisor MacBain, has completed the work on Fifth avenue, North Fair Oaks. The thoroughfare is now one of the finest in the community. Mr. Johnson has started work on the Felton road, and will soon have it macadamized from the State highway to the Middlefield road. This highway will be much used by motorists when it is finished. It ahs never been gravelled before and was rarely used. The improvement will open a new scenic drive for autoists.

Mrs. Shultz, a former resident of Menlo Park, has opened a notion store in the Doyle building on Santa Cruz avenue. Mrs. Shultz's husband passed away a short time ago.

It was rumored here yesterday that work on the Dumbarton bridge would start next month, as nearly all the necessary money for preliminary work had been subscribed.

A capitalist from Oregon was here last Tuesday searching for a suitable building in which to open a bank. This is the third man that came here for the same purpose during the past month. It is evident there is money in the banking business.

On Thursday Major and Mrs. Philip Gray Wales closed their pretty home here, and departed for New York. They will go via the Panama Canal. Mr. and Mrs. Wales will spend the winter in Gotham, coming to California in the Spring.

The tomatoe farmers hereabouts have had a record-breaking season. They are still picking for the cannaries and will continue to do so until the heavy frost comes. Vineyardists are also having a favorable harvest time and are getting fair prices for their grapes. Strawberry growers have had a good season. Prices were high owing to the ravages of the red ant that destroyed a number of crops, making short production. Berrymen are planning to import an insect from Australia, a deadly enemy of the ant, that will drive the red destroyer from California. The berry season has about closed.

INCORPORATION OF MENLO PARK

(Contributed)

On August 20th of this year, two petitions were before the Board of Supervisors of the County of San Mateo—one for the incorporation of the Town of Atherton, a residential portion of the county; the other for the incorporation of Menlo Park, a town of the county, with stores, churches, schools, and streets, and which had been an existing town of the county for many years, and at one time had been previously incorporated. Notwithstanding that both petitions were noticed to be heard, as provided by the Incorporation Act, at the same hour, the petition for the incorporation of the Town of Menlo Park was entirely ignored. The board proceeded to hear the petition for the incorporation of Atherton, and notwithstanding the protest filed by Menlo Park, and that Menlo Park asked for a continuance to produce further evidence: the protest was over-ruled and election ordered for the incorporation of Atherton without any change of boundaries. A new petition has been filed for the incorporation of Menlo Park, due to the fact that the board, through its action on August 20 last, lost all jurisdiction over the first petition. The boundaries established under the new petition for the incorporation of Menlo Park include the school district of that town, also the sanitary district, light district and a part of the fire district. The boundaries are also practically the same as those established by the legislature a number of years ago, when the town was incorporated under a special act.

It would seem that now absolutely impartial treatment should be given by the Board of Supervisors to the incorporation of Menlo Park. There are a number of protestants. Some of these protestants are owners of land within the heart of the town itself, and it would appear upon the face of the protest that it was in the nature of a protest against incorporation, for it would be impossible for the Board of Supervisors to exclude land of these protestants and yet do justice to what are the real desirable boundaries for the incorporation of the town. It has been reported that one at least, of the members of the Board of Supervisors proposes to cut the boundaries of the town of Menlo Park so that an injustice would be worked to the establishment of an incorporated town. Any drastic action of this kind would probably be illegal and at least, is to be deplored. The act does not purport to permit such changes. It does provide that the Board of Supervisors may change the boundaries and for this purpose may ask the county surveyir to make a survey. It is clearly here the intent of the act merely to provide for the establishment of definite boundaries. It is not to be presumed that the act is to be used for the purpose of defeating the act itself and no such power was ever intended to be given to the board of supervisors.

In the matter of incorporation the board of supervisors is simply asked by the petition to call an election. The people decide the question at the polls. If a majority vote for incorporation, then the town is incorporated; otherwise not. It is the will or voice of the people that is called upon to say whether or not a town shall be incorporated, and the board of supervisors in the incorporation of a town is supposed to ever keep before it this fact. It has been rumored that one of the members of the board of supervisors, who is also the owner of land within the town of Menlo Park is ipposed to incorporation, and that he intends in some way to exclude his land, with that of others. In connection with this, it has been also been stated that the members of the board of supervisors concede the decision of matters within a district to the members of the board representing that district. If such be the case, it is again to be deplored, for the reason that the incorporation of a town is a county or state affair and not a district affair. If a member of the board is financially and personally interested in the incorporation of a portion of the county—so much so that it affects or biases his opinion—then and in that event, that member of the board should refrain from voting or acting at all upon the proposition.

The eyes not only of the people of the county, but of the state are upon the matter of the incorporation of Menlo Park, and much comment is being made here and there on the attitude of the Board of Supervisors, and whether or not a square deal will be given in the matter of the incorporation of Menlo Park, and the matter left to the people to decide.
